# Beaded Earrings- Techniques & Designs

## **Synopsis**

People have been making jewelry from beads for generations, ever since the first beads were made from seeds, stones, and shells. Even today, beaded jewelry such as bracelets, necklaces, and earrings are still extremely popular, especially those made in a Native American style. Beaded Earrings will teach readers how to learn a craft that has delighted humankind for generations. This simple, concise guide contains easy-to-read, step-by-step instructions for both beginners and beading experts. Readers are taught twelve basic patterns that can be combined to make more than thirty-five different kinds of earrings as well as one-of-a-kind designs. Pages of full-color illustrations show how to make different styles of traditional Native American earrings, including basic dangle variations, as well as Brick Stitch, Gourd Stitch and Bugle Bead. The techniques learned here can be applied to necklaces and pendants as well. Instructions come complete with recommendations on the types and amount of beads and supplies to purchase and a list of practical suggestions to help readers avoid common frustrating errors.

Pictures are in color so you can see how gorgeous the completed earrings will be. Easy to follow patterns are great for beginners.

I love this book. The designs are contemporary and the instructions are easy to follow. Plus, everything is in color!

This is a great book and helps me with creating new designs. I also like the graphs. I have shown this book to my beading friends and they like it to.

One of the best I have seen for beginners and advanced beaders, great instructions, handy hints, and helpful charts for creating your own designs.

The book is a good starter book or in my case refresher book. If you are looking to take up beading this should be on your list.

good book.. very nice designs on beaded earrings.. I buy book to help give me ideas when I design beaded earrings for my Mom.

Great book, has everything I was looking for in a book on beading earring in multiple different ways, very useful

THERES NOT MUCH NEW HERE, MANY EARRINGS ARE THE SAME OLD TECHNIQUES, JUST DIFFERENT COLORS. A FEW A LITTLE DIFFERENT. JUST GLAD I GOT A USED ONE REAL CHEAP. WOULDN'T BUY IT AGAIN, SORRY I DID.
