## **Customer Reviews**

When my husband approached me about selling on ebay I felt very skeptical because of the shipping aspect. Reading this book has helped me realize that while this is a very important and large part of selling it can be manageable as long as your are organized and have a plan.

eBayShipping Simplified is simply the best book on eBay shipping. Nick Vulich, author of the best-selling "eBay 2014" proves once again he is one of the top eBay experts.

Nick Vulich takes the guesswork out of which shipping option is best and provides many valuable resources for first time sellers.

An excellent and easy to follow book! Am about to utilize the applicable info. Short and to the point.

Nick is straightforward, detailed, but not too detailed, gets to the point and writes clearly! Great words of wisdom regarding shipping plus more. Thanks Nick!

Great guide but not quite up to date

This book is more than I expected it to be. I learned so much. In reading I feel more secure, inspired and ready to fully commit to my business.

Great starter book for anyone interested in selling on ebay. Happy with purchase.
