## Customer Reviews

This is a book for children with a great message for all of us who struggle with dieting. My 4 grown children and many grandchildren have enjoyed this book and understand the subtle message in it. This particular copy was ordered for my 17 year old granddaughter who claims that it is her favorite book of all time. She was thrilled to receive it for her birthday. All of the adults present enjoyed reading it.

This was one of my all time favorite books as a child. I used to constantly check it out from the library. I am so excited to finally own this book so I can share it with my son.... it's just as charming and adorable as when I was growing up. Love classic children's books like this one!

I'm still mourning James Marshall's death. Reading "Yummers" gives you an inkling of what bibliophiles miss. His gentle humor, comical yet endearing illustrations. And yet, always wisdom behind the joke. But he never beats you over the head with it. I've read all of James Marshall's books (over and over) and I never get tired of them. At least we've got something to remember him
