Customer Reviews

I actually have two pressure cookers, but never use them because I don't know any recipes. This book is genius! Firstly it starts with different techniques, then dives straight into recipes. The recipes are simple and convenient! And stuff that I actually want to eat! Prepare yourself to create yummy dishes in a short amount of time!

I am all about slow cooker these days. It is so easy to prepare a healthy, flavourful, comforting and delicious meal with no stress or preparation. And actually, this collection of well-selected and created recipes is a great place to start. The book offers a wide variety of meals, that can please everyone's taste. I really recommend this book to any beginner or anyone who already is in love with a slow cooker.

My cousin enjoy making slow cooker recipes especially soups and desserts and I enjoy trying her recipes. I bought this book for her to learn some new and interesting slow cooker recipes that will add a new flavor to her breakfast recipes. The author has shared very simple and easy recipes that anyone can make. The one I really want to try is "Split Pea and Barley Stew". Good Information!

I definitely love this book! Amazing breakfast dishes, different soups and stews. The author made a big job collecting such great amount of tasty slow cooker recipes. If I'll use one recipe from this book per day, it will be enough almost for two years. I can't believe that I do not need to think more what to prepare. It's the greatest recipe book I've ever seen. Strongly recommended.

We can be convinced from this book to follow one simple rule that whatever diet we choose, it is essential to be rich in all the nutrients required by a human body. In a vegan diet, proteins are added by using soy, chickpeas, lentils, kale, whole wheat, potato, broccoli, peas, etc. Vegan foods usually contain less calories and saturated fats. Seed butter, nut butter, nuts, avocado, coconut, margarine and oil are the major sources of fat in vegan diet. Vitamin D is obtained from rice milk and

soy milk.

I love that there are recipes for breakfast dishes, vegetarian dishes, desserts and there's even a recipe in there for Jambalaya, which I am planning on cooking soon. This Cookbook is so simple and easy. It's great for when you want to cook for two and it gives you tips and great recipes to make in a small slow cooker. A couple of the delicious recipes that I love to make are BBQ Chicken Wings, Jambalaya, Taco Salad, Italian Pot Roast, and Caramel Apple Cake.
