## Customer Reviews

The reason I purchased this book was because it was one of the last books Kenneth E. Hagin wrote and because it was the last of eight visitations from Jesus he had. I believe Rev. Hagin was one of the most, if not the most prominent prophets in the world in the last 50 to 75 years and this book had to do with what the Lord Jesus deemed the most important things He wanted the Church, the Body of Christ to know before His return and before the "home-going" of Rev.Hagin in 2003. The book is most excellent, as I knew it would be. It is a must read to those who want to draw closer to Jesus, to be more conformed to Him and be more closely related to others in the Body of Christ. P.L.

This is a very good book for all believers, but especially for those "worker bees" who might be wondering why they aren't experiencing the results they envisioned. Kenneth E. Hagin does an excellent job of teaching the reader how important it is to be in line with God's plans, purposes, and pursuits, rather than setting off on our own and expecting God to bless what we do. Our 22 year old son recently recommitted himself to seeking God's will for his life after reading this book and realizing how far off base he had drifted. Lots of practical examples from brother Hagin's own ministry experiences make this book enjoyable to read. In my opinion, an excellent book for

everyone in ministry, especially pastors and those in leadership.

This book is one of Brother Hagin's best. It gets to the heart of motivation in ministry. Aptly titled, "Plans, Purposes, and Pursuits", this classic explores why many times God's will isn't being carried out on the earth. This a great book, but know ahead of time that some of the information in its pages is not without controversy. What you read may shock you.

This book is a must for any serious believer's library. If you are seeking advise on where your church is spiritually going or where you are going spiritually as a believer, this book will head you in the right direction.

Reading this book makes me realize how God is counting on me and that His plan is much better than anything that I can desire. The language is simple, you feel that it is just for you. I recommend this book to any Christian that is totally serious about growing in the Spirit, deepening his relationship with God and make explosions for His Glory.

As with Hagin's other books, this one is anointed, easy to read, and full of revelation from God's Word. The book came, as described, in very good condition, with no tears or markings, even though it was lightly used.

Wonderful book! Hagin really breaks down our plans versus God's plan. Even if what we are doing is good- and even godly- if we aren't pursuing God's plan we won't walk in the full blessings of God. This book is filled with insight and stories from his 50 plus years in ministry. A great addition to any Faith library!

Plans Purposes & Pursuits is an absolute MUST for every Christian to read. The biblical truths in it as pertaining to our Christian walk and relationship with the Father will be a real eye-opener. Definitely a book that every Christian should have in their library.
