Impressive recipe book! I've always sworn by my crock pot. I can't rave enough, about how awesome they are. Being able to put something in it, in the morning, rushing off to work, and knowing dinner will be done, by the time I get home. This is really worth recommending to all!

I like some of the ideas, but there are multiple errors. For example, many recipes call for covering the pot and bringing it up to low pressure, or high pressure. I presume ? he means low or high temperatures. The Beef and Cauliflower Stew has no cauliflower, only broccoli. The 3 bean stew has only red beans, no others. There are some ideas that sound good, such as wrapping turkey legs in tinfoil and putting them in the crock pot with no liquid. And I didn't know there was such a thing as crock pot liners. Some of the recipes look good, and I look forward to trying them.

Full of simple, tasty recipes. The bulk of the book is slow cooker recipes. A great cookbook with tons of quick delicious recipes. We have a handful of recipes from this book that we come back to regularly. The book is well written and had a wonderful pictures too, which is one of the best parts of reading a cookbook.

Cooking in a slow cooker is indeed an irreplaceable help for all us who have many obligations, but we want our family to eat healthy meals. This cookbook is one of the best that I have encountered. Here you can find a lot of good recipes and new ideas to cheer up your family members. This book gives you healthy recipes that are clearly written and easy to prepare. Book worth having in your own kitchen.

My friends been talking about slow cooker all the time when ever we have our get together. So i decided to buy 1 for me and purchased this book and guess what my husband and my kids love what i am cooking everyday. The flavor of the food is intact and no need to check it from time to time just out all the ingredients and wait for a certain time. This cookbook is like my bible for giving me great food.

Slow cooker is another significant appliance to add in your kitchen. Slow cooking is easy and simple. It will help you save time and provides opportunities to experiment in preparing delicious and healthy meals. The recipes included are quick and easy to prepare.

If want to have many recipes on hand for slow cooker this book is perfectly for you. Here are some of the recipes that I like 1. slow cooker caribou stew 2. slow cooker potluck spareribs 3. slow cooker ropa vieja 4. whole chicken slow cooker recipe 5. slow cooker pork roast 6. slow cooker pepper steak 7. slow cooker turkey legs

This book is indeed better than most other cook books. The slow cooker recipes are just delicious (at least the ones I tried) and the choice of flavors is superb. Rarely tasted something as good as those recipes. Definitely check it out!
