Pokemon Go amusement is the discussion of the time that is another experience of fun undertakings to appreciate! This diversion made to permit players of all ages to venture to the far corners of the planet and catch pokemon that cover up in any corner. Really it is a fun diversion where players encounter this present reality as their own particular Pokemon world. This book clarifies the routes in a simple mode how precisely one ought to start the amusement.I think the book is great that teaches the basics about the game and gives us some tips and tricks on how to capture the pokemons with just a single try and there are instructions on how to spot lures, get potions! Thanks to the author.

I am not a Pokemon Go fan, or an avid follower and not even play this game, but seems there are plenty of noise going around about this sensational pokemon go, and this makes this game unique and interesting. After reading this book of Trainer I found a lot of information.that a would be pokemon player needed. From capturing PokÃ©mon to hatching eggs, you will learn how to play this game. Take your knowledge of PokÃ©mon to the next level with this new and amazing game, and may you never be the same again.

This guide had all the same information as the other guides I was recently reading but this one offered something better. I had no idea the throwing strength differed depending on the level of the pokemon. lol. I'm quite old school and have only been playing recently so this has been a big help so far. Awesome!

This is a great book that not only explains the basics of Pokemon go, but give in depth information on how to succeed and be the very best. Very easy to understand and a very well written book. I am totally amazed by the content of this book. The information is presented in a very organized manner and each detail are explained very well. I just started to play Pokemon Go that is why this is such a great help for me.

This will answer all your Pokemon go's worries and frustrations. It is a detailed guide that goes over every nick and cranny of the game! Dives into how to find them, combat points and poke stops in great detail. I will definitely reread this so that i can become better than my friends at the game and "Catch Them All"

This is an excellent guidebook and inside of this book the author has described some effective Pokemon Go master guides. I purchased this book for my younger brother and he is a super fan of this latest released game. Thought I liked that game too, and actually, this book is for both of us. By reading this book I have learned some specific strategies and complete walk-through of how to play Pokemon Go. This book guided me about how to catch and track Pokemon. Here I have found interface guides, how to use items, how to win battles and much more. I really liked those advanced techniques that I found inside of this book and it's really amazing. Overall, this book really fulfilled my expectation and I will recommend this book to them, how have interest in this book.

Heard about the new trend this days? Ah uh. Pokemon Go. The application that is just the talk of the people now. Well, if you are caught up with this app, then it's best if you know the whole thing. I must say that with this book, you can learn the whole thing. It's easy to read and all the ideas put together were understandable. You'll surely enjoy this book. Even your child can read this too. I was amazed with this one. Now, I'm reading this few times now. I liked it so much.

This is the first place that gave me basics of the game. Whatever I already knew came from other

players or from trial and error. If I had read this first, I would not have made those errors. As it is, I have a clearer view of how the game works after reading this.
