Customer Reviews

My friend give me this book in paper back form, because he want share precious information with me about tea. I am a marketing manager in distribution company of tea that's why these type of

precious information we have to learn. The book is awesome and have unbelievable information about tea, and its ingredients and benefits the book is awesome and i would like to thanks to my friend who gives me this book and also thankful to author Jack Frisks who shared his experience with us thanks.

This book explains how a tea cleanse helps a person lose weight and what the health benefits are. Tells you that a tea cleanse will detoxify your body. Goes on to explain the schedule of when to drink the tea as well as what kinds of tea to drink. Also tells you how to maximize your tea cleanse diet by avoiding certain foods and incorporating certain other foods. Includes a meal plan!

Not a bad book at all. More focus on alcohol than tea. Would like more explanation of puer tea and more info on teapots. Didn't distinguish between raw and processed puer tea at all. Just wished there was more because the information was well written and easily read.

A friend of mine gifted me this book because she knows just how much I love tea. I have been drinking tea for as long as I can remember not only because it is healthy but because it helps me unwind and detox. This book has given me insights on my favorite drink. I did not know a lot of the information this book shared. I am glad that my friend shared this book with me and am now encouraging him to drink tea, too, after he read the book.

The first pages describe Tea, but then it is all about coffee. Why this is not mentioned?
